

## Aim of the Conference

Researchers active in the field of research participate in international conferences to make use of the opportunities that are afforded to them to present their latest findings and research outcomes. Instead of isolating their research work, they can engage in in-depth and meaningful discussions with their fellow researchers. Since academic success and contact with knowledgeable people in their field are the primary goals of any researcher, this conference provides a place for their research on an international platform. Additionally, they will have the opportunity to obtain professional advice during the conference and to learn about other topics beyond their own field of work, which will give them a better understanding of other disciplines.

“International conference on recent progresses in chemical sciences” is selected as theme because there are so many pharmaceutical industries in Gujarat and Chemistry is interlinking all the sciences. So, for the benefit of maximum number of P.G. Students, Research Scholars, Faculties, and Professionals, we have selected this theme.

## About College

The historic M.N College of Visnagar has got a place in Heritage College. In the college, Prime Minister Narendra Modi in 1966-67, former Chief Minister Anandiben Patel in 1967-68, former Chief Minister Shankarsinh Vaghela in 1964, Gyanpith Award winner Raghuvir Chaudhary, former Finance Minister B.K. Gadhvi have studied. Apart from this, Bhavai's actor Jaishankar Sundari has also acted in plays. Department of Chemistry had organized GUJCOST Sponsored National Conference entitled “Novel Trends in Bioactive Heterocyclic Compounds... Recent Perspective” in 2017.
